

5 Best S'mores Recipes

Check out these twists on the classic marshmallow, graham cracker, and chocolate dessert.

-Francine Segan

S'mores were the very first thing I ever “cooked” as a kid. I can still remember the fun of jabbing them onto a stick and setting them on fire, then sliding the gooey marshmallows onto a graham cracker-chocolate sandwich. The warm marshmallows melted the chocolate and it was a race to eat it fast or wear it.

I may have grown up, but I still love making this tasty treat, especially with my kids. Here are 5 of the best s'mores recipes for you to make – no campfires necessary!

No-Cook S'mores

Norman Love Confections has created a candy called S'more Love, which meshes all of the ingredients that make a s'more a s'more in one little decadent bite. In the middle of a S'more Love is freshly baked graham cracker, homemade marshmallow, and salted bourbon vanilla caramel, with a layer of dark chocolate on the outside holding everything in place. You can order a 4-pack (\$12) or a 9-pack (\$27) of this unique dessert online at normanloveconfections.com. Or, if you're feeling creative, try making one yourself!
