● ● ● Sweet Sentiments

In 2009, Norman Love was named one of the Top 10 Chocolatiers in North America by *Dessert Professional* magazine. And there's no doubt about it—his sweet creations taste as great as they look. But the Florida-based candy connoisseur behind [Norman Love Confections](#) deserves just as much praise for his support of worthy causes, having donated funds to everything from the American Heart Association to local arts organizations. The company recently announced a one-year partnership with [Hope HealthCare Services](#), whereby five percent of the online sales from <http://hope.normanlove.com/> will go to the Southwest Florida nonprofit, which provides in-home hospice care to patients with terminal illnesses. "Chocolates are a favorite way of expressing care and comfort," says Samira K. Beckwith, president and CEO of Hope HealthCare Services. "And providing care and comfort to our patients and families is at the core of Hope's mission."
