Easter chocolates by Norman Love

Here's hoping the Easter bunny brings you a basketful of exquisite chocolates from [Norman Love Confections \(NLC\)](#). The high-end candy maker is offering eight limited-edition treats through March 30, all in the shape of eggs.

Caramel Crunch has a surprise inside, crunchy, dark pearls of chocolate. Creamy Peanut Butter is a polka -dotted confection of velvety peanut butter ganache in a milk chocolate shell.

For the butterscotch lover, there's a silky butterscotch ganache made from slow-cooked brown sugar and butter. The clincher: a layer of creamy white chocolate. Other temptations include Vanilla Pudding, Coconut Almond, Mint Chocolate Cookie, Lemon Drop and Strawberry Shortcake.

Easter collections are packaged in a variety of pretty gift boxes. Choices range from a five-piece sampler priced at \$13.25 to a 50-piece candy bonanza priced at \$95, plus shipping. Chocolate bunnies also are available for the traditionalist.

If you don't hop to it in time to indulge in Easter treats, don't despair. Norman Love offers an expansive line of chocolates and truffles suitable for weddings, gifts and every day indulgence.
