One of the best things about traveling is trying chocolate from around the world. After experiencing gourmet chocolates, it's hard to settle on grocery store Easter candy. [Norman Love Confections](http://www.normanloveconfections.com) (<http://www.normanloveconfections.com>) has a solution for chocolate connoisseurs this Easter with a limited-edition selection of chocolate Easter eggs you can purchase online.

The limited-edition Easter candies are handcrafted dark, milk, and white chocolate Easter eggs. You'll find eight flavors, all in the shape of an Easter egg. Here's what they're offering:

- **Caramel Crunch** – crunchy dark chocolate pearls in golden milk chocolate caramel egg
- **Creamy Peanut Butter** – velvety smooth peanut butter ganache in a milk chocolate shell
- **Butterscotch** – butterscotch ganache from slow-cooked brown sugar and creamy white chocolate in a thin milk chocolate shell
- **Vanilla Pudding** – classic vanilla pudding with a chocolate twist, inside white chocolate
- **Coconut Almond** – caramelized almond praline, layered on top of white chocolate coconut ganache in a dark chocolate shell.
- **Mint Chocolate Cookie** – cream-filled cookies blended into sweet, creamy chocolate mint ganache in thin dark chocolate shell
- **Strawberry Shortcake** – slow-cooked strawberries and vanilla create a strawberry jam that's thin-layered with a buttery shortbread ganache in white chocolate
- **Lemon Drop** – silky, tart lemon ganache in a white chocolate shell
