Valentine's Collection Uses Single-Origin Beans

Ft. Myers, FL — Norman Love Confections Black Hearts line of dark chocolate truffles is designed for Valentine's Day sales and incorporates single-origin beans, according to the company.

Norman says the limited-edition heart-shaped chocolates use single-origin cocoa, and are available once per year. Each gift box holds five varieties: 74% Hacienda Elvesia; 72% Arriba; 68% Cru Sauvage; 65% Maracaibo Clasificado; and 64% Madagascar. Each chocolate is made with a ganache filling developed by Swiss supplier Max Felchlin AG, the company says.

The line features five-, 10-, and 15-piece boxes with SRPs that range from \$15 to \$35.
