Norman Love Confections 2012 Limited Edition Holiday Collection

(NormanLoveConfections.com, \$14)

Has a box of chocolates from the supermarket really ever sparked a flame in your heart? We're guessing not. So, this is the year to change your opinion on the too oft-given box of chocolates. Norman Love Confections handcrafts the most amazing chocolates we've ever tasted — and laid on eyes on! They are not only knee-weakeningly amazing, but also look too beautiful to eat (but, trust us, you will eat every single one of them!). The limited edition Holiday 2012 collection has white, milk and dark chocolates in 10 melt-in-your-mouth flavors, including eggnog, Kahlua, apple cider, habanero, s'mores and more. Boxes are available in 5- to 50-piece gift sets as well as year-round options. Love can be like a box of chocolates — and taste so good.
