Talk about eye candy. Southwest Florida renowned chocolatier **Norman Love** has published *Artistry in Chocolate, A Story of Love*, featuring colorful, mouth-watering photos of Love's confections. The 84-page coffee-table book offers a new way to enjoy the decadent candies and intricate pastries made by Love's team—sans the calories. For the optimum Valentine's gift, though, we suggest pairing it with a box of the chocolate gems. The book is available at Norman Love Confections salons in Naples, Fort Myers and Miramar Outlets, Estero, as well as on the web. ([normanloveconfections.com](http://normanloveconfections.com)) —K.S.
